

The Final Event of the @ORAMA Project - Optimize and harmonize raw materials data!

Raw Materials Week, Brussels, Friday 22nd November 2019
Hotel Le Plaza, Adolphe Maxlaan 118/126, 1000 Brussel, Belgium
From 9 am to 1 pm

The [@ORAMA](#) (Optimising quality of information in Raw Materials data collection across Europe) Project is coming to its end and we hope you could join in our Final Event and learn about our results. The event will be during the Raw Materials Week in Brussels on 22nd November 2019. It will be organized together with the @GeoERA, and has clustering with other Horizon 2020 projects and the EU's primary and secondary raw materials data community. Please join and come to meet our team, hear about our results and exchange ideas about further challenges and opportunities for collaboration in this field.

Program

09:00 Welcome and opening words

09:25 Results from ORAMA in a nutshell

10:25 Coffee break

10:55 Taking the next steps, GeoERA projects and Panorama project

11:50 Panel Discussion

13:00 End of event and lunch

More information and registration coming soon after.

Welcome!
